

## **Saka Indonesia Pangkah Limited Received GOLD WISCA 2023 & CEO Concerned Award**

Saka Indonesia Pangkah Limited (SIPL) received an award as a company that has implemented Safety Culture in GOLD Rating at the "WSO Indonesia Safety Culture Award (WISCA) 2023" event at Bidakara Hotel Jakarta, 27 February 2023. It is the third award SIPL received in three consecutive years since 2021.

This award is obtained after going through a very strict Health Safety Security Environment (HSSE) document verification process, through an interview and presentation of Safety Culture programs by the HSSE Team to the verifier team from WSO Indonesia.

The Safety Culture Program is sustainable program that has been implemented since 2015 which was initiated by HSSE by launching various detailed, measurable and structured work programs and supported by carrying out various kinds of campaigns and outreach from top management to front liners.

At the same event, Mr. Avep Disasmita as the CEO of Saka Energi Indonesia also received the "CEO Concerned Award" as the company leader who has a high commitment in implementing safety culture in the workplace. Appreciation to all PGN Saka employees who are always committed in implementing and actively participating in health, safety, security and environmental protection programs in every operational activity in all working areas.

### **About PGN Saka**

PT Saka Energi Indonesia (PGN Saka) was established on 27 June 2011, as an upstream oil and gas subsidiary of PT Pertamina Gas Negara Tbk (PGN). PGN Saka was established with the aim to ensure the long-term supply of gas for PGN. PGN Saka currently manages its working interests in ten assets in Indonesia and one shale gas block in the United States of America. The management of these 10 blocks consists of 8 Production Sharing Contracts (PSC) and 2 gross splits.
